ABOUT US

Rico Rico was created in 2018 by Diego Garcia and Marcus Holliman. What started as an idea working at a kitchen table, evolved into the growing company we are today. Our company specializes in popular and authentic products coming directly from Mexico. We are established at the center of the number one commercial trade between the U.S and Mexico. We saw an opportunity in bringing together the best of both worlds; providing the highest quality of Mexican products to anyone who wishes to embrace Mexican culture.
